

About me

My name is Biniyam Legesse. I was born in 1997 G.C. Currently I am living in Shashamene. I graduated from Wolaita Sodo University, college of health science with BA degree in Public Health on July 20, 2019 with cumulative GPA of 3.75. My classes have given me a nice understanding about health and related science. Along with the academic knowledge, I have also gained practical experience through clinical and community based practice in different aspects and laboratory works. These trainings have given me ability which will enable me to make a necessary contribution to your organization. This is why I am highly interested to apply at your organization to fully serve and accomplish all duties required by your institution with my professional knowledge and practical skill that I have gained. I have also a one year plus six month work experience as a Data collector on the cold chain inventory research and on Covid-19 prevention and control program which was programmed by EPHI and Global One Health initiative (Ohio international). If you want I will be happy to provide you further documentation of my background and accomplishments.
